

RuntimeException

```
classDiagram
    RuntimeException <|-- eu.h2020.symbiote.exceptions.EntityNotFoundException
```

The diagram illustrates a class hierarchy. At the top is a box for the 'RuntimeException' class, which is divided into three horizontal sections. The top section contains the class name, while the other two are empty. Below it is a box for the 'eu.h2020.symbiote.exceptions.EntityNotFoundException' class, which is divided into three horizontal sections. The top section contains the fully qualified class name, the middle section is empty, and the bottom section contains the method signature '+ EntityNotFoundException()'. A blue arrow with an open triangular head points from the top of the 'EntityNotFoundException' box to the bottom of the 'RuntimeException' box, indicating inheritance.
